

Star Gates

A Shamanic Experience

Lunar Eclipse

23-26 May 2021

Palenque, Chiapas, Mexico

Shamanism- Stellar Channelling- Mayan Mysteries

“In Palenque the rooms are alcoves where dreams are awake and nobody notices” - Carlos Pellicer

The Journey

Tucked in the subtropical jungle of Chiapas, Palenque is one of the most important cities of the ancient Mayan world.

Located inside a national park, Palenque is a feast for the senses and for the spiritual seeker. Guarded by the pyramids and the howler monkeys, the mayan mysteries await to be discovered and open direct communication with extraterrestrial civilisations. Palenque is aligned with the planet Venus and it's considered one of the most important energy points on the earth, for it stores the pure frequency of the heart. Palenque can help you find answers to the personal and collective questions of our time, by unlocking the sacred codes that you have been carrying inside for hundreds, maybe thousands of years.

Star Gates takes you to Palenque on the Lunar Eclipse, to channel the ancient wisdom stored in the stones, communicate with the Star Beings, and anchor their frequency into yourself, so you may walk through the changes of our time in peace, clarity and purpose.

During the Star Gates experience, you will explore shamanic practices, sacred archeology and mayan ceremonies for everyday wellbeing, you will connect to your star lineage, and harvest the earth energies to replenish vitality, joy and wonder.

This is a full immersion channeling experience where you will be guided across several multidimensional doorways, to connect to the energies of the pyramids, of the jungle and of the stars that are aligned with this sacred site. The experience is open to experienced seekers and beginners, but we have limited numbers to preserve the intimacy of the work. We will stay together at the Mayabell, “portal to the mayan world”, hotel in the heart of the jungle, next to the archeological site.

The Teacher

Cinzia Sarigu, founder of Ixchel Healing Arts, is a medicine woman, permaculture designer and shamanic teacher.

A natural born dreamer, from an early age she's been speaking to the ones in spirit, and helps others connect to the extra sensorial dimensions. For the past 20 years Cinzia has been channelling the Ancestors from the Palenque Dynasty, with whom she shares a beautiful and intimate relationship.

Her teachings are rich in Mayan cosmology and they provide tools for a deep connection to the Earth and the Sky, in the way of the ancestors. Cinzia has been on a journey of extensive spiritual initiations and historic research into the mysteries of the scientific, esoteric and cultural heritage of the Mayan world in Mexico and Guatemala, and she continues to channel the wisdom, frequencies and messages from Palenque, to bring hope of a better world.

Cinzia specialises in dream work, ceremonial arts, Mexican shamanic healing, earth based spirituality, psychic channelling and Mayan Mysteries. Cinzia helps people find their path through life and develop their own gifts. The foundation of her work comes from a lifelong deep connection to nature and to the spirit world. Cinzia teaches all over the world in several languages and leads mystical retreats in Avalon, Mexico and the Mediterranean.
